

Trimegah Sekuritas Supports SBM-ITB Alumni Association in Realizing Lifelong Learning Mission

Jakarta, June 5, 2024 – In order to realize its mission, namely "Educate and create wealth for the community through unique and professional investment experience", PT Trimegah Sekuritas Indonesia, Tbk ("Trimegah") has collaborated with the Alumni Association of the School of Business and Management of the Bandung Institute of Technology ("IA SBM-ITB"). This strategic collaboration also supports one of the missions of IA SBM-ITB, namely realizing lifelong learning.

Attending the kick-off event of the collaboration held on Wednesday, June 5, 2024 were Philmon Tanuri and David Agus, respectively as President Director and Director of Trimegah, Novrizal Pratama and Wildan Kesuma, respectively as Chairperson and Secretary General of IA SBM-ITB.

"The main point of this collaboration is the capital market education and literacy for IA SBM-ITB members. In this collaboration, Trimegah will also support various other activities carried out by IA SBM-ITB in order to create a positive impact for the members, alma mater and the wider community. This emphasizes Trimegah's commitment to improving capital market education and literacy for the Indonesian people, for all groups," said Philmon Tanuri in his statement (5/6).

According to data from the Indonesian Central Securities Depository (KSEI), the number of capital market investors in December 2023 reached 12.17 million or increased by 18.01% from 10.31 million in 2022. Although the number of investors has increased, the level of literacy and inclusion in the capital market is still relatively low. Based on the 2022 National Survey of Financial Literacy and Inclusion published by the Financial Services Authority (OJK), the level of financial literacy in the capital market has only reached 4.11%, and the level of financial inclusion in the capital market is 5.19%.

Therefore, collaborative initiatives among business practitioners in the financial sector are very important. Through structured and sustainable capital market education and literacy programs, it is hoped that more people will be able to understand and take advantage of investment opportunities in the capital market, so that the contribution of this sector to the national economy can continue to be increased.

This investment literacy and education activity is also carried out to support the launch plan of the Trimegah Bakti Ganesha Abadi endowment mutual fund product which will provide positive benefits for the educational process at the ITB alma mater.

"IA SBM-ITB is one of the largest business student alumni associations in Indonesia, which houses SBM-ITB alumni throughout Indonesia. We believe that the collaboration with Trimegah which begins today can support our vision and mission to become the best business school alumni organization in Southeast Asia," said Novrizal.

IA SBM-ITB has a mission to improve networking relationships among alumni, encourage sustainable technology development, and realize lifelong learning. The achievement of this mission is carried out consistently through the 3C Program (Create, Connect and Collaborate) which is the main agenda of IA SBM-ITB.
