

Trimegah Asset Management and Additiv Collaborate to Revolutionize Digital Wealth Management in Indonesia

Jakarta, March 17, 2025 – PT Trimegah Asset Management (Trimegah AM), today announced a collaboration with additiv as a leading global digital platform and solution provider for the financial services industry. This collaboration aims to revolutionize the accessibility of professional investment advice in Indonesia through Digital Wealth Management solutions.

With a digital portfolio model, retail and mass-affluent investors can now access professionally managed and diversified investment strategies tailored to their financial goals, something that was previously only available to High-Net-Worth clients.

This subsidiary of PT Trimegah Sekuritas Indonesia Tbk ("Company" or "TRIM")-has more than 30 years of experience in the Indonesian capital market with a diverse portfolio of investment products including equity, mixed, fixed income, and money market mutual funds. The collaboration between Trimegah AM and additiv will strengthen the additiv Financial Services Platform, enabling financial institutions to increase the scale and distribution of investment products in accordance with applicable regulations and more efficient costs.

This partnership marks the next step in additiv's expansion in Indonesia, strengthening its commitment to modernizing financial services and supporting the 2023-2027 Indonesian Capital Market Roadmap.

In line with this, through this collaboration, Trimegah AM also wants to reach more customers through a platform that prioritizes digital technology, increasing accessibility and participation in the scope of portfolio management. Trimegah AM's collaboration with additiv as a provider of professionally managed investment solutions allows financial institutions to integrate it well into their wealth management services, thereby improving distribution/offering methods and providing more value to customers.

Antony Dirga, President Director of PT Trimegah Asset Management, said, *"This collaboration with additiv not only increases our capabilities in distributing investment products digitally, but also opens wider access to professional investment advice to the public. This collaboration allows banks and financial advisors throughout Indonesia to provide structured and professionally managed portfolio models for their clients. This will help customers access a variety of diversified investment options that are tailored to their financial goals. Besides that, we actively contribute to the 2023-2027 Indonesian Capital Market Roadmap, supporting financial inclusion and shaping a future generation that is investment conscious."*

Anurag Pandey, General Manager and Head, Asia Pacific at additiv, said: *“As a trusted strategic partner for our clients, we enable financial institutions to develop their business models, working with investment managers like Trimegah AM provides our clients with easy access to their investment products digitally. This partnership is an important step in accelerating the adoption of digital wealth management solutions in Indonesia, a market that is poised for significant financial technology transformation. At additiv, we see Indonesia as a strategic market for the growth of digital finance. We continue to expand our offerings, including robo advisors and retirement solutions, in partnership with investment managers. Our platform technology ensures these solutions are effectively distributed to businesses looking to improve their client services.”*
